

Finance & Administration Director

Target Starting Salary: \$123,905 - \$161,283

Location: Phoenix, AZ 85024; 688

Apply By: 3/29/18

Central Arizona Project (CAP) is the largest supplier of renewable water in the state of Arizona. We operate and maintain a 336 mile long aqueduct and pumping plant system that stretches from our source at the Colorado River to the communities of central and southern Arizona. On a yearly basis, we pump and deliver over 1.5 million acre-feet of water to enhance the state's economy and quality of life and ensure sustainable growth for current and future populations of Arizonans. CAP is highly respected and takes great pride in providing the people of Arizona this service reliably, cost effectively and in an environmentally sound manner with the highest regard for employee safety and health, evolving public needs and customer satisfaction.

We employ nearly 500 people who enjoy the close community of a small company while helping to fulfill our extremely valuable mission. We offer highly competitive salaries and excellent benefits including membership in the Arizona State Retirement System, 401(k), medical, dental, vision and life insurance coverage, 4-10 work schedule, and significant investment in employee training and development. Employees are eligible for benefits on their first day of employment. (Benefits are subject to change at any time). CAP is truly a great place to work!

In this critical position, you would provide leadership to the Finance & Accounting, Supply Chain and Facilities, and Enterprise Risk Management and Records departments. You would develop and implement strategies, policies, and programs to ensure that the CAP mission is accomplished. As a member of the Management Council, you would be performing complex administrative and professional work on a wide variety of special projects to ensure they are in concert with the policies, procedures, and goals set forth by the General Manager and Board of Directors.

To be a successful candidate for this position, you will have a related bachelor's degree plus 10 years of related experience with six years of succeeding in progressively responsible managerial roles. The ideal candidate will have experience in all or many of the following areas: Generally Accepted Accounting Principles (FASB or GASB), management accounting, financial reporting, budgeting, treasury, and debt management, enterprise risk management, risk assessment and mitigation, insurance administration, public procurement and contracting, supply chain management, materials management, warehouse operations and facilities management, enterprise content management, and/or records administration. An advanced degree plus related certifications like CPA or CPM are preferred.

If you are looking for a challenging and rewarding leadership role with the opportunity to make a difference in Arizona while enjoying a great work/life balance, APPLY ONLINE today at www.cap-az.com/jobs. Equal Opportunity Employer (EOE).
